

Glencorse A Regulation Zone, South Region

Mar-16

DWQR Staff Present

Matt Bower, Moira Malcolm, Alison Seton

Scottish Water Staff Present

Iain Ogilvie

Summary of Inspection

Overall Summary

Good quality work overall. All staff with valid DOMS and Hygiene cards and vans kept in a tidy and well managed condition. Hygiene issues noted at one site with no chlorous used and tools & fittings stored on the ground rather than protected. Some discrepancies noted between paperwork and onsite work.
